

Canvas 31.5

AES-3150V

A landscape color e-paper display for information boards, brand messages and low-frequency signage. Evaluate viewing distance and text size with your actual content.

Supply form	16:9 project display
Resolution	2560 × 1440
Pixel density	93
Display area	696.32 × 391.68 mm
Enclosure	730.2 × 428 × 20.9 mm (reference configuration)
Power	External battery pack or mains, by configuration
Image updates	Remote image update workflow confirmed with the project firmware

Standard scope

- 31.5-inch Spectra 6 display and controller
- Metal enclosure in the complete-unit configuration
- Power and mounting package listed in the quotation
- Software scope confirmed separately

Options and installation

- Anti-glare cover-glass configuration
- Wall or freestanding fixture
- Branding and enclosure finish
- Scheduling, grouping or API integration after demonstration

Native 16:9 landscape format. Check wall clearance, cable access and the external power arrangement before approving the fixture.

Ordering and software scope

Project quotation. Stock, sample availability and lead time are confirmed for the chosen configuration; no fixed dispatch date is implied.

Confirm price, taxes, freight, warranty and compliance documents in the quotation. Scheduling, groups and CMS/API require a demonstration and agreed scope; the expanded MagiRealm content engine remains on the roadmap. Image retention power is not a whole-device power or battery-life specification.
